SECTION III: NARRATIVE**BILL SUMMARY**

This analysis is neither a formal Attorney General's Opinion nor an Attorney General's Advisory Letter. This is a staff analysis in response to an agency's, committee's, or legislator's request.

Synopsis:

SB 262, enacts a new section of the Public Health Act and amends the Pharmacy Act.

The Public Affairs Committee Amendment inserts the words "Declaring an Emergency" to the heading on page one and adds Section 5, Emergency, it is necessary for the public peace, health and safety that this act take effect immediately.

FISCAL IMPLICATIONS**SIGNIFICANT ISSUES**

SB 262, expands the use of Naloxone to third parties who may be in a position to prevent death from opiate overdose. Overdose mortality in NM is a serious social issue and raises concerns of health disparity. Recognizing the emergency nature of a preventative measure which can reduce mortality appears to be an appropriate amendment.
